Boost of Annual Sales Expected Through Proposal

D.C. Hikes Tax Rate Five Cents

Confusion Reigns At S.S.F. School Board Meeting

An orderly South San Francisco Unified School District Board of Trustees meeting became a carnival of confusion Monday.

In a press conference earlier, members of the American Federation of Teachers had demanded the resignation of Superintendent Dr. Paul Nielsen as the alleged instigator of alleged anti-union policies of the board.

At question, in particular, is the union's privilege, or right, to represent its members directly to the board rather than by going through a negotiation council established according to provisions of the Winton Act which allegedly was designed to improve trustee-teacher communication.

AFT spokesmen admit they have refrained from taking a place on the negotiating council, claiming that "government by coalition has never worked in France or any other country, "and that it is "contrary to American concepts of democracy and representation."

In particular, they claim Dr. Neilsen has denied them the right to speak directly to the board, producing a copy of a letter requesting to appear on the night's agenda. The letter was dated August 11.

Dr. Nielsen said he had turned down the appeal, and sent the AFT leaders a copy of a San Mateo County district attorney ruling to the effect that going outside the negotiating council is not permissible unless the established channels have first been tried.

The board meeting began after trustees ignored a flock of picketing school teachers outside, whose signs demanded the right to be heard.

Then, for an hour and a half, Board Chairman Leo Eserini led his fellow trustees through a two-page agenda, approving a new principal for the district's

Employes Granted A Pay Raise

Sound Budget Practice Cited

A five-cent tax rate increase—from $1.17 to $1.22 — was approved Monday by Daly City councilmen to balance the whopping $5,411,284 annual budget for 1966-67.

Following a brief explanation of the increased budget, the council approved a substantial pay hike for all city employes—ranging from 5 to 7 per cent depending on the position concerned.

Some officials had anticipated a higher tax rate for the coming year, however, City Manager Edward Frank explained, "Because of sound budgetary practices a surplus was left at the end of the year, whereby it was only necessary to apply the additional five-cent tax raise."

The increase will add some $56,700 to the city's coffers.

Frank's letter pointed out that the budget is used as a guide and plan for community services and includes capital outlay, operating expenses, salary (including the new increase), reserves, contingencies and future project expenditures.

"Capital outlay improvements this year emphasize the finalization of completion of the new Civic Center in equipment and landscaping," Frank's letter to the council stated.

He said the expected opening of the center was scheduled for April and culminated some four years of work on the part of the council, staff, and interested citizens.

But while an increase in the budget was necessitated by the increase in services and material, much of the additional funds are earmarked to meet the new salary schedule.

In a unanimous move, the council issued a statement of intent regarding certain working conditions of city employes and directed Manager Frank to check into the matter and present his findings at the next meeting on September 12.

SAN BRUNO FACELIFTING—The San Bruno central business district may look like this if a proposed "facelifting" plan is approved. Planning Consultants Hahn, Wise and Associates estimate the project will cost some $1 million and will immediately increase annual sales in the area by more than $3.5 million.

A 'Sounding Board' For Other Cities

Cost Estimate Expected Soon

By F. D. LaPIERRE

A sweeping new plan for improvement of San Bruno's central business district—expected to immediately increase annual sales by some $3.5 million—was presented to that city's Planning Commission last week.

If approved, the proposal would be "a sounding board for other cities plagued with similar problems to follow," declared Chamber of Commerce manager Dick King.

Under a three-way grant from federal, state and municipal governments, Hahn, Wise and Associates conducted a months'-long study of the downtown shopping area.

Part of the $20,000 study costs came from federal urban development funds.

Consultant Lawrence Wise has informed the city that an estimated monetary cost of the project will be submitted soon. However, one official "guesstimated" the revamping would cost "at least $1 million."

Purpose of the gigantic downtown facelift is to stimulate business "for the smaller store owner who has been hit hard by the suburban shopping centers," King explained.

"We want to introduce a complete package that will not only add to the beauty of the downtown area, but make shopping pleasure for the housewife," King said.

At Monday night's planning commission meeting it was suggested a city-wide committee be formed to assist in the matter.

Not only would an increase in sales be realized as a result of the modernization, but sales store floor space would expand —from the present 500,000 to more than 700,000 square feet.

Parking areas would more than double their capacity, providing space for some 2,700 cars adjacent to the mall.

Total land area covered by the proposed new, improved community shopping center would be about 33 acres in the downtown "triangle," according to an outline submitted to the commission. The triangle is bordered by El Camino Real, San Mateo Avenue and Kains Avenue.

"By providing modernization, landscaping, adequate parking and separation of pedestrian and vehicular traffic, stores in the area would actually become more accessible, with compatible uses brought closer together," Wise's report pointed out.

The downtown center was designed to complement, rather than compete with, any regional

Cafeteria Cutback At Jeff Seen

Continued deficit operation of Jefferson High School District cafeterias is leading to discontinuance of the "A"-type National School Lunch Program after January 1.

District Superintendent Edward Morgan explained to district trustees Monday that Jeff High District is among those "facing financial crises" in their cafeterial operations.

He quoted a report submitted to him by his assistant for finances, Fred O. Goodell, that pointed out that "rising wages, food costs and decreasing availability of "free" surplus government foods are causing an economic squeeze that is pushing some districts out of the National School Lunch Program into a la carte operation."

A "snack bar" type of "program" would be one alternative to the "A" lunch presently offered at Jefferson high schools.

Cafeteria losses in the Jefferson district amounted to over $28,000 last year, with the same deficits forecast for the coming school term.

A greater loss than 1965-66 could not be "absorbed" by the district this year, Morgan declared.

Trustee's Letter Prompts Discord

By WIN JOSSELYN

Discord over a letter submitted by Trustee Peter T. Gailiano shortened Monday night's Jefferson Elementary District board meeting.

The letter stated the law firm of which Galiano is a member had among its clients the California Teachers Association. Galiano wanted the letter made a matter of record to forestall possible questions of "a conflict of interest."

He said, "I have never acted on behalf of the association or an individual in connection with my school trustee matters."

It was entered into last week's minutes and the board referred it to the district attorney for advise and comment.

Last night Galiano noted the letter was on the agenda for discussion.

Chairman George G. Perry declined to bring the letter to the floor until all trustees were present, and pointed out that Trustees Joseph Lewkowitz and O. Wayne Douglas were absent.

"I insist," went on Galiano. "There is a quorum present and it's a duty to take it up."

"Circumstances prevent it being taken up," replied Perry. "This board will not discuss it until all members are present. Let us go on to the next item on the agenda."

"This will not take but a minute," declared Galiano, "and I object to any other matter being taken up before it is."

Perry said, "We will move to the next item."

"You may be conducting a meeting, but will not have a quorum," finalized Galiano standing up and gathering his papers.

The meeting adjourned a moment later.

Said Perry afterward, "The matter of Mr. Galiano's relationship with the California Teachers Association, arising out of his notification to the board last week, was not considered at this special meeting because in the opinion of the chairman it should be discussed only with the full board in attendance and after advice from the district attorney's office."

D.C. Jitney Bus Service Is Approved

The Southern Hills Jitney Service was granted a 30-day "tryout" permit to operate buses along designated routes in the Southern Hills housing development area by the Daly City council Monday night.

More than 40 residents of the area applauded the council's decision.

Cost of riding the small 12-passenger buses was set at 25 cents and is scheduled to operate Monday through Saturday.

The council noted the owners —Charles R. Neal, Louis J. Ponti, Nicolas Rivira and Harry L. Zlotkin—are all licensed jitney drivers currently working in San Francisco.

The jitneys will start their runs at 6 a.m. making the final run at 6 p.m.

Billiard Hall Requested At D.C. Rejected

Mike Orlando's request for a billiard parlor in Daly City ended up behind the eight ball Monday as the City Council turned thumbs down on a use permit.

The matter last week prompted a surprise petition to the Planning Commission from numerous residents in the Junipero Serra Boulevard area.

Primary objection to the parlor was the lack of parking space in the area, the petition pointed out.

"There is no parking for patrons (of the billiard parlor) without encroaching on other people's property," the petition stated.

Others opposing the parlor said it would create a "bad environment in the neighborhood."

Orlando said he planned to install five tables.

Juveniles, unless accompanied by adult parents or guardians would not be allowed in the parlor, he said.

Last month, planning commissioners approved an application for the parlor and an on-sale beer license when no one opposed the request at a public hearing held July 13.

However, the unexpected opposition resulted in the city council setting their own public hearing on the matter last night.

Another request for a billiard parlor, submitted by Stanley Cleaner and Gordon Lester Emde, was shelved for two weeks.

The applicant said the location of the parlor would be in the old Bank of America building at 1 San Pedro Road, and would be a "family type" establishment.

Councilman Francis P. Pacelli moved the request be shelved until the council had time to study it further.

Humble Oil's Permit To Be Reheard

San Bruno city councilmen will re-open hearings on a request by Humble Oil Company for a gasoline station use permit in the Pacific Heights area.

Councilmen Monday night voted to re-open the controversial issue, if the oil company pays the "usual appeal fees."

Mayor Karney Barberian said the fees are necessary for notifying all interested parties in the matter and other hearing expenses.

Amounts were not stipulated.

The council action came after attorneys for Humble Oil Company stated intentions of filing a Superior Court suit asking the council's decision in the matter be reversed.

Residents of the Pacific Heights District voiced strong opposition to the initial decision of the City Planning Commission granting the permit, preciptating the council's subsequent denial.

Residents contended the proposed station, which would be located at the intersection of Skyline Boulevard, College Drive and Susan Drive, would aggravate the situation at an intersection that is "already deadly."

In the request for another hearing, the oil company attorneys stated that arrangements have been made to secure a signal light at the intersection, and "this removes all objections to issuing the permit."

Mayor Barberian said the hearing will be held when "the necessary fees are paid and all interested parties are amply notified."

Jefferson Study Ground Rules Due

Potential ground rules for a new Jefferson High School District study on boundaries and de acto segregation will be presented to trustees next month.

Superintendent Ed Morgan said he would have the study "program" ready for board consideration in early September.

He has contacted officials of the elementary school which feed the Jefferson High system, representatives of Bay Area colleges and universities in hopes" that we might get professional assistance from these sources."

The district failed earlier this year to obtain a satisfactorily represented citizens' committee to ponder the question of boundaries and de facto segregation. It would have been the second such citizens' group. Recommendations of the first committee were rejected by trustees.

After its effort to attract a suitable second committee failed the board decided to tackle the chore itself, seeking outside professional aid in the project.

The Jefferson and other elementary district boards have been approached as to whether or not it would care to join as co-sponsors, and the help of the Stanford Research Institute has been sought.

The Laguna Salada Union School District, in Pacifica, however, has rejected the invitation to participate.

"The board members," stated a letter from Laguna Salada District Superintendent Frederick Lucas, "by concensus, felt the situation in Laguna Salada did not merit participation in the proposed survey."

Pupils Collect $645 for Peace Corps School

Students at Westmoor High School have collected $645 to be contributed to the Peace Corps for construction of a school in a foreign country, Richard Hart, director of student activities, reported this week.

The money was collected in a one-month period near the end of the past school year, Hart said, and the students hope to realize the project goal of $1,000 early in the coming school year.

shopping centers constructed nearby, according to Wise.

The first phase of the project will cover development of back streets and parking areas—many now owned by the city.

San Mateo Avenue will come under the second phase of the project and eventually will be closed to through traffic.

The main shopping mall will boast several water foundations and statues, along with numerous shrubs and trees.

Shoppers would park in the rear of a store and walk either through designated passageways to the main street, or directly into a store.

"Most of all we want to protect the small store owners identity," King said. "In the large shopping centers this 'identity' has been erased and a 'sameness' now dominates the scene.

"Our shopping mall will make it a pleasure for the housewife to browse around," he said.

The greatest role of the city in realizing this overhaul of the downtown area will be its co-operation with property owners and merchants, according to the consultants' report.

The report indicated property owners and merchants in the area were expected to increase investment in their present holdings in order to complete the program.

But the increase in annual sales eventually would offset the initial costs, King thought.

"Our biggest job will be to convince merchants and property owners the investment is well worth it," King told The Times.

"Each city has problems concerning the small businessman, and each must arrive at a solution. I think we have found the answer, in this shopping mall."

istration's recommendation the district "allow the present type operation to continue to January 1 (and) if, by that time, it is foreseen that another deficit is impending, to switch to a snack bar only operation."

It was explained that, in the meantime, "all employees would have had a few months' warning "that there would be fewer jobs" after January 1.

Morgan cited the aim of the program as that of making available to every child a nutritionally balanced meal at a minimum cost. To make this possible, he said, the federal government makes available the surplus foods on a cash payment of five cents per meal.

Membership in the school lunch program requires the serving of an "A" lunch, which must contain: three ounces protein, three-quarters of a cup of vegetables or fruit, bread, two tablespoons of butter, one-third cup of milk and dessert.

Even should the district decide to withdraw from the School Lunch Program it would plan to continue participation in the School Milk Program, through which it received $12,621 cash reimbursement last term.

Goodell's—he's in charge of the district's cafeteria system at Terra Nova, Oceana, Westmoor and Jefferson high schools—report noted that some school districts are withdrawing from the program primarily to free themselves from meeting the "A" lunch requirements. They then open snack bars or sell a la carte items in addition to snack bar items.

"Absence from the School Lunch Program," Goodell stated, "would result in the need for fewer personnel, as preparation of the lunch requires more man-hours of labor than would the preparation of snack bar items that would yield as much or more income."

Tanforan Work Delay Is Granted

Eugene F. Cook, a vice president of Tavares Construction Company, entered a request for an extension of time on his company's contracts with the City of San Bruno in connection with the Tanforan shopping center at Monday night's council meeting.

Cook said the company would require at least a six-week extension in order to complete and record maps of the shopping center. He said the delay is the result of unavoidable changes in the company's plans for the complex, and offered as the most significant revision of plans a decision to eliminate a proposed apartment housing project.

Citing the "tight money" situation as the cause for scrapping that aspect of the project, Cook said "the money is just not available for housing," and the center will be strictly commercial.

The council voted a temporary extension.

In other business Monday night, the council took completed plans for the proposed city hall expansion under review and awarded certificates of service to two city employes. Receiving the certificates were Beatrice Thorpe, with 15 years of service, and Edward Gorman, a city employe for 20 years.

A request from the parents' association for retarded children of San Mateo County for waiver of vending machine fees on their gum machines was taken under advisement. The council voted to request a financial statement from the association to determine what percentage of the gum machine income goes to the organization.

Mayor Barberian read proclamations designating September "Constitution Month," September 17 "Flag Day," and the week of September 5-11 "Union Label Week" in San Bruno.

Police Check Suspicions On Narcotic

South San Francisco Police were today questioning four men arrested for disturbing the peace at McDonald's Drive-in last night.

During a routine check of a car used by the men, Officer Stan Bennett found what was described as "suspected marijuana" under the front seat.

Arrested were Dennis A. Lewis, 21; George V. Cervantes, 20, Thomas Masters, 21, and Scott G. Johnson, 22, all of South San Francisco.

Cervantes was questioned and released this morning, police said.

Shortly before 11 p.m. police received a report of a fight at a 435 El Camino Real drive-in.

Officer Bennett responded to the scene and found Masters and Johnson engaged in a fist fight, according to the report.

Upon arrival of Officer Doug McCool, a search of the suspects' car revealed a knife and a quantity of seeds under the front seat.

Police were unable to determine if the seeds were marijuana and were awaiting crime laboratory analysis of the items before continuing their investigations.

Smoke, But Not a Fire

Where there's smoke there is not always fire.

An anonymous caller Monday informed Daly City police smoke was pouring out of the Our Lady of Perpetual Help school on Wellington Street—directly across from the city hall.

Looking out the window officers saw clouds of smoke billowing from the building and called out the fire department.

The area was cordoned off as units of Daly City's smoke eaters sprang into action.

A senior fire official raced to the school's basement to search out the location of the fire.

Within seconds the fire was discovered—in the school building furnace.

A custodian was testing the heating system, the fire official explained.

San Bruno Resolution On Tax Rate

San Bruno councilmen approved a resolution fixing the city's municipal tax rate for the 1966-67 fiscal at $1.10 per $100 assessment Monday night. The new rate is the same as that for the 1965-66 fiscal period.

In other business Monday night, the council postponed a decision on a resolution providing that revenues from the city's hotel-motel tax be placed in a special fund and used for promotional and publicity purposes. The matter will be taken up again at the next regular meeting.

Registrar Of Voters in D.C.

A San Mateo county registrar of voters will be at the Mayfair Market on Junipero Serra Boulevard in Daly City, starting today.

The registrar will be at the market from 2 to 5 p.m. Wednesday, Thursday and Friday, and from 6 p.m. to 8 p.m. as well on Wednesday and Thursday only. The Saturday times are 10 a.m. to 5 p.m.

Fossum's New Store Is Opened

Robert Fossum Interiors, a new store, opened in Skyline Plaza shopping center this week.

It is owned and operated by Robert Fossum who has returned to this area from the Peninsula, where he has been associated with Griffins in San Carlos. Fossum will be assisted in the operation of Robert Fossum Interiors by Nanda Stewart.

The new Skyline Plaza shop is best described as a "decorator's store," selling draperies, furnishings and pictures, as well as offering a decorative planning service which includes color co-ordination, balance and scale.

Robert Fossum Interiors will be geared to serve the entire Westlake and Fairmont areas.

Fossum returns to the area with a background of twenty years' experience in the home decorating business.

Two Major Jeff High Bus Changes

Only two major changes in the Jefferson High School District transportation system are planned for the new school term, District Superintendent Edward Morgan announced last night.

Morgan informed trustees that a bus stop just east of the Westlake Shopping Center and one at White Field would be eliminated.

The district administrative officials hope to take advantage of financial savings through the more flexible use of Greyhound buses this term, Morgan declared, particularly on field trips.

Utilization of Greyhound services costs the district less than if it operated its own buses, Morgan explained.

To gain this "flexibility," the district also has "changed some of the starting times," the superintendent said.

Burn Victim Condition Is Still Critical

Keith Hoylle, severely burned in a camper fire near the Sharp Park Municipal Golf Course in Pacifica last week, remained in critical condition today at Mary's Help Hospital.

A female companion also injured in the fire was reported "slightly improved" this morning.

The fire started when a camping lantern apparently exploded and set fire to the interior of the vehicle.

Hoylle and the woman, Dorothy Buyense, managed to escape from the inferno, suffering second and third degree burns of the face and body.

Doctors at the hospital said Hoylle was burned over 80 per cent of his body and Miss Buyense suffered similar burns over 25 per cent of her body, primarily about the face, neck, feet and shoulders.

Pacifica police, investigating the fire in co-operation with fire officials, said the burned pair staggered away from the burning camper and made their way across the golf course to a nearby residential area.

The two victims were heard crying for help shortly after 2 a.m. in the middle of Lundy Way, by Basil I. Gladieux, who immediately summoned aid.

Shortly after the alarm was received, Officer Orin Hargraves found the camper in flames and called the fire department on his two-way radio.

Authorities have not yet determined the exact cause of the explosion.

A manufacturer's representative was continuing to examine the slightly damaged lantern, police said.

'Confusion' Marks S.S.F. Meeting of School Board

(Continued From Page 1)

continuation high school and hearing a report that the district construction program was proceeding satisfactorily.

Only one moment of near-disruption occurred.

Mid-way in the session, under the agenda title "public relations," Eserini asked the Board's secretary to read a copy of a letter from Governor Edmund Brown's office.

The letter denied allegations made by the union at a previous board meeting, that the South San Francisco District had been named in a report to the Governor as one of the poorest in the state in putting the Winton Act into action.

Abe newman, spokesman for the American Federation of Teachers, then asked to speak on the subject, and was told, by Eserini:

"I think I'll let you wait until the end of the meeting, and then decide whether or not I'll let you speak."

Board members continued through a series of appointments, including hiring a Personnel Director, Ted Leonard from Oakland, at a salary of $10,000 per year.

Meanwhile, the picketing teachers sat quietly in the audience, saying nothing but holding up signs which proclaimed:

"Let Union Teachers Speak."
"Teachers Will Be Heard."
"Good Education Now."
"Board, End Your Hypocrisy."

In contrast was one placard, held by a non-union teacher, a member of the California Teachers' Association, which includes a reported 85 per cent of the district's 460 instructors. That sign read:

"FACT—Over 400 South City Teachers praise board for good faith in negotiations. Bill Malet, SSF CTA."

Cameramen for television stations and newspapers worked around the fringes of the 700 person crowd, snapping the signs, getting portraits of the leaders in this staged drama.

As trustees cleared the last item on the board's official agenda, Chairman Eserini called AFT spokesman Newman, saying he would be permitted to address the board, but only on the subject of the letter from the Governor's office.

"I expected you'd restrict us to our presentation of fact," said Newman, and read to Board members another letter, contradicting statements in the letter the board had heard earlier.

William D. Plosser, the California Federation of Teachers' legislative advocate, said in his letter to SSF AFT President Martin Hamilton, that the statements in question had, in fact, been made to the Governor's office, and that it "is irrelevant to nit-pick over whether the information is contained in a memo, a report, or a letter."

Then Newman added:

"Thank you for your politeness, Mr. Eserini, "we've got a wonderful example of what you think of democracy."

"May a taxpayer speak?" clamored another man, identifying himself as Dion Dubois, 717 Linden Avenue.

"We don't deprive anyone of the right to speak," said Eserini, "as long as they go through channels, and write a letter to the administration ahead of time, stating their reasons for wishing to address the board."

"I'm not so much worried about the teachers," said Dubois, "but I pay over $700 a year in taxes and you make it very difficult for me to speak.

"I'm not welcome, not allowed to speak, I'm told to go through channels. Any other board, it is possible to speak to, but you are elected by people like me and you don't make a very warm reception to those wishing to address the board."

"We don't deprive anyone of the right not to speak," said Eserini.

"You make it very difficult for someone to come before this board," said Dubois. "This is not in keeping with American democracy."

"We have policies," said Eserini, "and we must run our meetings according to those policies, so everyone can get a chance to speak."

"It is appalling that you cannot make it easy," said Dubois, "it should be made very easy."

"If I were to allow you to speak without going through channels," said Eserini, "our policies. . . ."

"I suggest your policies need revamping," said Dubois.

Another speaker, declaring himself a resident of 467 Homewood Court, contradicted Dubois.

"Every time I have come to this board with a problem," he said, "they have listened to me. The people I see here I have never seen at a school board meeting before. The school board does a fine job."

There was heavy applause.

Keith Nason, another spokesman for the AFT group, then tried to speak.

"I would like to address the board," he said.

Eserini ruled him out of order, after a near-shouting exchange of comments.

Pat Cannon, vice president of the California Teachers' Association chapter, then won the floor, and Nason demanded:

"Why is this gentleman allowed to speak and not me?"

"I will not recognize you because you have not followed board policies," said Eserini.

Eserini ruled Nason out of order again, and suggested he "go back to Oakland."

Cannon was admonished to keep his remarks to the point of the letter from the Governor's office, and began reading a statement that CTA is "distressed by this crisis" brought on by the AFT.

"I want to be as fair as I was," said Eserini, gavelling, and again directed Cannon to speak only to the point of the questioned letter.

Cannon continued, reading again a statement that the AFT has caused "a manifestation of gross injustice.

Cannon was again directed to stick more closely to the point, and concluded with a statement to the board that "you have been the victim of a takeover from Oakland and Berkeley."

Superintendent Dr. Paul Nielsen, as trustees moved to adjourn the meeting, then read again the letter to the board, from the Governor's office, denying that South San Francisco had been specifically named in any report to the Governor on activizing the provisions of the Winton Act.

behavioral research section, in addition to suggesting the district might turn to Stanford or University of California education schools, suggested, in a letter to trustees:

—Reliable data on pupil-population by race, grade level and residence ought to exist.

—The boards of education concerned need to be very specific about the objectives of the study . . . for example, improved racial balance, improved school plant utilization, minimum transportation costs, minimum dislocation with new school plants becoming available.

Pacifica, Officers Are Sued

The city of Pacifica, two police officers and the owners of two Pacifica stores are named defendants in a $150,850 false arrest suit filed in Superior Court yesterday by James E. Johnson, a real estate broker of 48 West Park Drive, Daly City.

According to the suit, on January 21 two checks for $41.22 each were cashed at the Vallemar Super and Linda Mar Paint Center. According to Johnson, they were cashed by another man who forged his name and used his lost or stolen driver's license. Similar checks had been cashed elsewhere, the suit states, and a proper investigation would have shown that Johnson was not responsible.

Johnson charged that the investigation conducted by the officers, Albert Tebaldi and Paul Averiett, was "negligent," with the result that he was arrested at home February 17 and was charged with forgery.

Johnson said he paid $75 for a lie detector test to help prove his innocence. The charge was dismissed February 25.

He asks $100,000 general damages, $75 for the lie test, $500 for attorney fees, $275 for his bail bond premium, and $50,000 exemplary damages.

DALY CITY Fire Chief Herbert Ritzmann (left) poses at quarterly meeting of the Northern California Division of the California Fire Chiefs Association with (left to right), the state secretary, Chief Gerry Lillefjeld of Kensington; Chief Byron Chanel, a director from Mountain View, and Chief Ed Herman, vice president, of El Cerrito. One-day session was conducted at Westlake Joe's, with Daly City Mayor Al Polonski delivering the welcoming address. Over 106 chiefs attended. (Times Photo)

Peggy Gorham Is Now 'Margarita'

One of South San Francisco's Community Ambassadors on the Experiment in International Living Program, Peggy Gorham, is being called "Margarita," her Spanish name, in the Luis Saiz home in Burgos, Spain this summer.

Peggy traveled with nine other students and their leader to Burgos, Spain after receiving two weeks' language and orientation program in Brattleboro, Vermont.

There are no English speaking members in Peggy's Spanish family. Her "father" is a policeman and her "mother" devotes her time to raising their two small boys.

Situated in the old Castile area, Burgos is 150 miles north of Madrid. The Spanish spoken in this area has a lisp on the "s" and "z" sounds.

The American students attend school five hours a day, studying Spanish Literature, History, Language and Music.

Learning to dance with "castanets" has proved a very exciting accomplishment for Peggy.

Before returning to the United States on August 26th, Peggy's group will spend one week in Madrid.

As an added comment on her experiences abroad the South San Francisco student reported she "learn how to get along without Hot Water, a Washing Machine, a Refrigerator, an Automobile and Television."

Serramonte Signs QFI Supermarket

A new Quality Foods, Inc., supermarket will become the third major tenant when the 72-acre $20,000,000 Serramonte Regional Shopping Center opens in August, 1968, in Daly City. The others already announced are Macy's and Montgomery Ward.

The lease was signed last week by John H. Musso, founder and president of QFI and William F. Morton, executive vice president of Suburban Realty Company, developers of the $20,000,000 Serramonte planned community of which the shopping center is a part.

QFI was started in 1916 when Musso opened a corner grocery in San Francisco's Richmond district. Today QFI is composed of seven supermarkets in San Francisco and San Mateo Counties and a grocery warehouse in Colma. The supermarkets' annual volume is $32,000,000.

Musso is proud that his firm's success is based on service to customers, whom he calls "partners."

The 40,000-square-foot QFI store in Serramonte will be its largest and most modern unit, according to Musso.

Suburban Realty Company is a corporation composed of Crocker Land Company and the Geller organizations.

THEFT REPORTED

A water pump, hose connections and a length of water hose was stolen from a construction site at the end of Forbes Boulevard in South San Francisco.

The items were valued at more than $395, police said.

D.C. Burglar Drops Loot, Flees Scene

Daly City police were unable to explain why a burglar dropped a pillow case stuffed with silverware and jewelry outside a Crocker Street home last week and fled.

Officer Robert (Bob) Bowers opined the burglar left the heavy loot behind when a door-to-door salesman frightened him.

A burglar forced his way into the home of James Salter through a side window late Tuesday night.

Once inside he grabbed a pillowcase in the master bedroom and began stuffing it with silverware and jewelry.

The items—of undisclosed value—were recovered in the rear yard of the home Wednesday morning; police said.

Billiard Parlor Is Burglarized

A burglar shinnied up a vent pipe at the rear of the Daly City Billards parlor, climbed through an open rest room window and stole some $250 in coins after breaking into several pinball machines last Tuesday.

Police said the parlor, located at 6380 Mission Street, had been robbed several times over the past 20 years.

Students Win Poly Honors

Several North County students at California State Polytechnic College's campus have earned mention on the President's Honors List for academic achievement during the 1965-66 college year.

They are:

South San Francisco: Judity L. Lewis, 232 Manor Drive, social sciences.

San Bruno: Jeffrey R. Jones, 3391 Crestmoor Drive, biological sciences.

Gunman Robs Night Man At Station

A gunman armed with a chrome-plated automatic and wearing makeup robbed the Andrews Flying A service station in Daly City early last Wednesday.

Night manager Stan Kotomitsky said the man appeared in the doorway of the station with gun in hand as he was cleaning the floor, shortly after 3:30 a.m.

Described as "extremely nervous" with a high necked sweater pulled above his chin and wearing makeup on his cheeks, the gunman flashed the gun and told Kotomitsky not to make any "funny moves."

After grabbing some $66 in currency from the register, the gunman pushed the manager into the men's rest room and fled on foot into the dense fog.

Another service station attendent, Rich Wilson, told police he was enroute to the station at about the same time as the gunman was leaving and heard a car speeding away from the scene.

Language Program Expansion

The foreign language program in the local elementary schools of the Laguna Salada School District will be expanded in the upcoming year to include all seventh grade students. Last year approximately 1400 students in grade six were included in the instruction in the Spanish language.

A foreign language committee, composed of classroom teachers and administrators, will continue to function as during the last school year. They will consider and make recommendations on criteria for exemptions from foreign language program, incorporation of transfer students in the program, articulation with Oceana and Terra Nova High schools, future criteria for grades, and possible future materials.

Due to the legal requirements of AB 1850, "beginning not later than grade 6 and continuing through grade 8, instruction shall be given in a foreign language or languages." Because of a lack of qualified instructors, the local district implemented the program last year at the sixth grade level only, but will expand it in the upcoming year to the seventh graders, and next year will further expand the program to include all eighth graders.

Young Skater Attains Goal

He made it.

Davenport, a graduate of Daly City's Westmoor High School last year, has reported to the International Ice Capades in Duluth, Minn.

He will be on a year's tour with Ice Capade performers skating in major rinks throughout the United States and Europe.

Davenport was a growing youngster of ten when he whipped out a pair of ice hockey skates, set his goal and made practice his watchword on an artificial pond in the Detroit, Mich., backyard of his parents, Mr. and Mrs. Eugene Davenport.

The Davenports now live at 187 Mariposa Avenue, Daly City, after moving from Michigan in 1960.

All of Richard's ice skating—the many early morning hours of practice to radio music—back in Michigan was outside during the cold Detroit months, so it was with surprise the Davenports discovered that California's Bay Area offered indoor rinks where he could spend hours on end year around.

Since that discovery, five-foot-eight Richard made old Sutro, St. Francis and Legg's rinks his second home.

For the past five months he had devoted five hours a day to skating.

Richard got his "break" several months ago when a former ice follies trouper spotted him on one of the area rinks.

He was urged to take professional instruction—which he'd never had but which he began six months ago.

In April he went to Los Angeles for a successful audition.. and the goal was at his doorstep.

Mrs. Davenport recalled that Richard worked hard to reach it. It took parental assistance, understanding and recognition of his talents, in addition to his own direct-line determination, to achieve it.

The 140-pound skater was an active participant in Westmoor High and Hyatt children's theater drama activities.

He has a brother, Tom, a petty officer third-class, who will be leaving for Viet Nam in September.

$3-Million Koret Plant at S.S.F.

Koret of California, Inc., women's sportswear manufacturer, will formally break ground August 25 at 10:00 a.m. for a $3 million automated distribution center, which will rise on a 10½-acre site in Cabot, Cabot & Forbes Industrial Park, South San Francisco.

The 160,000-square-foot shipping and storage facility will be in operation in March, 1967 and will employ between 100 and 120 people.

On hand to officially launch the project will be Frank Bertucelli, Mayor of South San Francisco; T. Louis Chess, Chairman of the San Mateo County Board of Supervisors; Lee E. Ham, president, San Mateo County Development Association; and the founders of Koret of California, Inc., Joseph Koret, president, and Stephanie Koret, vice president, styling director.

Koret of California, Inc. had its first public offering of stock in May. This year the company will gross close to $25 million in the sale of apparel. Its wholly owned subsidiary, the Koratron Company, Inc. now has over 600 licensees producing durable press garments and fabrics which are distributed all over the world.

According to President Koret, the demand for Koratron durable press fashions by Koret of California has become so great that the automated shipping facility is a necessity. It will be capable of shipping close to one million units a month and storing one and one half million units.

Automated storage of garments and computerized inventory control, as well as new packaging techniques, which will eliminate the need for repressing by the retailer, are some of the distribution center's features.

President Koret expects the distribution center to set a pattern that will be copied all over the country.

Deaths

HERMAN KOENIG

Herman Koenig, 82, a native of Germany and a resident of San Mateo County for 31 years, died August 16 at a Millbrae rest home.

A California resident for 50 years, he was a baker for the Langedorf Bakeries.

Survivors include his wife, Alma; two sons, Herbert of New York and Raymond of Ventura.

Funeral services were held Friday at the San Bruno Funeral Home, with interment in Cypress Lawn Memorial Park.

JAMES JOHN MCDONALD

James John McDonald, a resident of Pacifica for the past eight months, died August 17 at the age of 64.

He was a native of Canada.

An electronics operator-engineer for 15 years with R.C.A. and Universal Foods, he was a member of the Operators and Engineers Local 302 of Seattle, Wash. He also was a member of the Pioneers of Alaska.

Survivors include a son, James T. McDonald of Pacifica; a sister, Mrs. Ann Smith of Canada; and six grandchildren.

A Rosary will be recited at 8 p.m. Friday at the San Bruno Funeral Home.

Requiem mass was offered at 9:30 a.m. Saturday at the Church of the Good Shepherd, Pacifica. Interment followed in Holy Cross Cemetery.

Burned Pair Still on The Critical List

Keith Hoylle, severely burned in a camper fire near the Sharp Park Municipal Golf Course in Pacifica last week, remained in critical condition today at Mary's Help Hospital.

A female companion also injured in the fire was reported "slightly improved" this morning.

The fire started when a camping lantern apparently exploded and set fire to the interior of the vehicle.

Hoylle and the woman, Dorothy Buyense, managed to escape from the inferno, suffering second and third-degree burns of the face and body.

Doctors at the hospital said Hoylle was burned over 80 per cent of his body and Miss Buyense suffered similar burns over 25 per cent of her body, primarily about the face, neck, feet and shoulders.

Pacifica police, investigating the fire in co-operation with fire officials, said the burned pair staggered away from the burning camper and made their way across the golf course to a nearby residential area.

The two victims were heard crying for help shortly after 2 a.m. in the middle of Lunday Way, by Basil I. Gladieux, who immediately summoned aid.

Shortly after the alarm was received, officer Orin Hargraves found the camper in flames and called the fire department on his two-way radio.

Authorities have not yet determined the exact cause of the explosion.

A manufacturer's representative was continuing to examine the slightly damaged lantern, police said.

'Swanley Yellow' Just One Fuchsia in Her Garden

A yellow fuchsia, known as "Swanley Yellow" that came out in the late twenties, is only one of a great many beautiful hanging baskets in the garden of the Domenic Daganis, 1305 South B Street, San Mateo.

Mrs. Dagani is vice president and program chairman of the San Mateo Branch of the American Fuchsia Society. She is also president of the Rake, Hoe and Spade Club. Her garden is frequently the meeting place for many of the extra curricular meetings of both of the above groups. This year her fuchsias are particularly outstanding, in fact, she has a prize-winning display of fuchsias all her own.

Success with fuchsias is achieved by consistent care. Mrs. Dagani spends a part of each day among her plants. This daily care starts early in spring when she cajoles her husband into helping her repot the hanging baskets and half-baskets that make up a large portion of her big collection.

First Western Offering New Bank Service

First Western Bank's office in Daly City is scheduled to begin a new service, called Twi-night Banking, August 24. The announcement was made by Frank Macchia, manager of the Westlake office.

Designed to coincide with evening hours when area shopping activity is at a peak, Twinight Banking features most regular banking conveniences between the hours of 6 and 9 p.m. with special emphasis on those which answer financial needs.

The office, located at 30 Westlake Court in the Westlake Shopping Center, will be open every Wednesday evening during these hours. Premium gifts will be offered to all new customers opening checking accounts with $100 or more.

"We're hoping the families in the neighborhood will take advantage of Twinight Banking services," Macchia said, "from the simplest deposit transactions to apply for low-cost loans to finance cars and appliances or make improvements around the home."

A special self-service teller window has been designed to help Twinight Banking customers make many of the transactions and applications easily and simply.

Other First Western offices in central and northern California cities presently offering Twinight Banking are in San Mateo, Fresno and Sacramento. It is expected that the statewide bank's newest service will be offered in most of its branches in shopping areas before the end of 1966.

'Mystery' Car Rolls Downhill

A runaway "mystery" car rolled backwards down a steep Daly City hill last Friday touching off a chain of accidents that left a small camping trailer demolished and a parked car and home heavily damaged.

Police said the car, registered to a Cheryl Wagner, 230 Dolores Street, San Francisco, was apparently improperly parked at the top of Los Olivos Avenue without the emergency brake on or wheels blocked.

The "mystery" started when police attempted to contact the owner through the registration.

While the registration indicates Miss Wagner resides at the Dolores Street address, the license plates division of the Motor Vehicle Department in Sacramento lists a different San Francisco address.

According to investigators, Miss Wagner's car rolled down the hill and hit the small trailer, which in turn plowed into a parked car owned by Norman Nunes, propelling it into the front of Mrs. Lilian Schuler's home at 86 Los Olivos.

S.S.F. School, Macy's Settle

The South San Francisco Unified School District and Macy's California have ironed out "differences" over a foot path which crosses the proposed site of a multi-million dollar Macy service center.

A planning department spokesman said "it was understood Macy's is agreeable" to requests made by the school district regarding a revokable easement which would provide — at least temporarily — a footpath for Camino High School students.

In a staff report concerning granting of a use permit to Macy's for construction of the $15 million service center, Stanley Haney pointed out a considerable amount of student foot traffic used the 400-foot long path between El Camino Real and Mission Road and was "an important link between homes of about 300 students" in the Winston Manor and Serra Highlands areas.

Earlier, a planning official voiced the fear that the school district could snarl progress on construction of the center unless an understanding on the path could be reached.

The school district presently has a 30-day easement granted by the original owner.

Unless the students are given permission to cross the 30-acre site, they will have to travel some three miles around the area in order to get to school.

Macy's has not only agreed on a 180-day notice to the school before cancellation, but also to provide a "modified route" if it becomes necessary to cancel the easement before extension of Hickey Boulevard is completed.

Slayer Sent To Mental Institution

Andreas Sedeno, accused murderer of a Daly City police officer, was committed to the state hospital at Atascadero.

Superior Judge W. Howard Hartley, on the basis of psychiatric reports, declared the 32-year-old defendant to be insane and unable to stand trial. Criminal proceedings against him were suspended until he regains his sanity.

Sedeno, of 16 Shakespeare Street, Daly City, who was charged with the murder of Richard Klass, 25, Sedeno, a former state mental patient, had been arrested May 5 on a charge of indecent exposure. He attempted to escape and Klass chased him and caught him. As they struggled, Klass was shot with his own gun. He died June 9.

At the time of the arrest, Dr. Walter Rapaport examined Sedeno and reported that he was mentally able to co-operate with the defense attorney, Dennis J. Woodman.

Since that time, however, authorities became concerned about his mental state and other doctors examined him and found him to be insane. Dr. Rapaport re-examined Sedeno this week and agreed with their diagnosis.

Maintenance Staff Busy At Laguna

The maintenance and custodial staff of the Laguna Salada School District has been as busy as the proverbial bees getting school buildings into shape for school opening on September 12.

All summer long at least three custodians have been at work at each of the 13 schools in the district washing desks, stipping, scrubbing and waxing floors, washing the outsides of the buildings, along with taking care of building use for evening functions of the community. In schools with carpeted areas, the floor coverings have been spotted, washed and cleaned.

A crew of five men in the maintenance division have done many projects of school repair not feasible to accomplish during the regular school year. These include minor alterations, painting, and a check of refrigeration systems. Many pieces of school furniture have been resurfaced or repaired, as well as windows cleaned and scratches removed from outside and indoor walls.

A major portion of the summer work period has been devoted to the repair of damage doe by summer vandalism. Hundreds of panes of glass have been replaced as well as numerous "writings" removed from walls.

However, Rung Hasselgren, supervisor of buildings and grounds, reports that all will be in "tip-top" shape for the opening.

Burglar Enters Doggy's Door

A Daly City burglar forced open a doggy door last Friday at the residence of Phyllis Boyer, 718 Higate, and took a cash box with between $250 and $350 and miscellaneous papers.

The burglary, the victim reported, occurred between 7 and 10 p.m.

"DENTAL HEALTH FACTS"

What is malocclusion?

Malocclusion is irregularity of tooth position and poor fitting together of the teeth on closing the jaws. Such irregularity not only may interfere with chewing and with speech but also may lead to disease of the gums and other supporting structures of the teeth (periodontal disease). Malocclusion may also produce deformities of the face. Ask your dentist about malocclusion and its treatment if needed.

Dr. Campbell tries to limit his practice to the making of dental plates, partial plates, removable bridges and extractions for same, however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth as dentures are not as efficient as healthy, natural teeth.

Louanne's Datebook

By LOUANNE HEATH

ONE MORE WEEK and September makes its bow! Summer is almost a thing of the past and the kids undoubtedly feel the type of meloncholy **William Cullen Bryant** was referring to when he penned the lines, "The melancholy days are come, the saddest of the year—."

For many a mother, however, school bells won't ring one day too soon! With children back in their classes, most young mothers feel emancipated! Now there will be a few hours free to devote to purely feminine interests.

The members of the Pacifica Federated Women's Club understand the pyschology of the moment and annually set aside one week end, fairly early in September, to introduce their organization to those newly freed women who are looking for a new interest of their own.

THIS YEAR the annual membership tea has been scheduled for September 18 in the home of **Mrs. Dorothy Mattson** and, since there are no restrictions on membership, the unit extends a cordial invitation to all women in the community to come, meet the ladies and learn about this particular group and its social, civic and philanthropic activities.

According to **Mrs. Alberta Sullivan**, publicity chairman for the club, all the membership is praying hard for sunny weather on the day of the tea so that the event may be held in the Mattsons' beautiful garden. With the outdoor setting in mind, **Mrs. Elulia Sumpter**, chief hostess for the tea, and her committee at work on decorations, in a blue and white motiff, to lend a formal elegance to the tables.

Mrs. Betty Schnecker, president of the Pacifica Federated Women's Club, and the members of the executive board meet last evening to hear reports on the progress of preparations from Mrs. Sumpter and the members of her committee.

AS IN THE PAST, presidents of a number of Pacifica Clubs have been approached to assist with this function and many have agreed to pour tea, Mrs. Sullivan reports. Assisting Mrs. Sumpter with the advance preparations and planning to be available to offer an assist with the tea, are the members of her committee, Mrs. Sis Grumm, former unit president, **Mrs. Eva Morton**, Mrs. Edie Ashworth and Mrs.Mattson.

Anyone who might be interested in learning more about the club or is considering attending the tea and wants to have more information is urged to call the membership chairman, Mrs. Oralene Canepa, 756-9380, Mrs. Sullivan said.

Mr. and Mrs. Albert Theis of St. Francis Heights have returned home from a one month vacation in their Russian River home.

The Theis return was timed so Ann can prepare children **Monica, Rene and Chris** for the opening of school.

☆ ☆ ☆

Mr. and Mrs. Donald Goldman, of Don's TV in Westlake are preparing to welcome their oldest daughter home from her month long vacation in Hawaii.

☆ ☆ ☆

FORMER PACIFICA resident, **Jack Nissem**, pens from Fort Ord, where he is completing basic training, where they toured the famous San Diego zoo and Sea World. Leaving San Diego they moved on to El Monte for a short period before trekking to Hollywood where they were the house guests of James Kessler, the costume director for such filmland fantasies as Lost in Space.

According to Marty, the Hollywood interlude was the most exciting part for Kessler was able to obtain passes for the entire group to tour Fox Studios and watch part of the filming of a Peyton Place segment, and tour the set and meet the stars of Lost in Space.

(The Sugrues have returned home with some wonderful snapshots of various members of the family chatting with **June Lockhart, Guy Williams** and Angela Cartwright!)

Leaving the heady atmosphere of the film capitol the group moved on to Manhatton Beach where they rested in the sun and sand for three days before they sojourned back to El Monte for the last of their vacation.

☆ ☆ ☆

MEMBERS OF Pacifica's Fifty Plus Club are not yet back from Alaska but it is already time for members who wish to go on the Hawaii tour to begin making the arrangements.

The trip is planned for the week of October 15 and will cost $260 for jet fare, both ways, hotel accommodations and a series of planned events, according to a notice from Mrs. Edna Laurel Calhan.

☆ ☆ ☆

Daly City's own **Tom Dooley**, a walker, not the doctor or the folk hero of musical fame, was one of a team of three Bay Area men who competed in the Senior National A.A.U. championships in Alki Point, Seattle this past week end.

Dooley and team members **William Ranney** and Frank Dalton of Marin County, were walking for the Athens Athletic Club in Oakland in the 25 kilometer, (15.6 miles) race.

Dooley, formerly a student at the College of San Mateo, is preparing to return for his second year at San Jose State College.

MRS. LILLIAN NEATHERY of the Pacifica Art Guild is urging all members be wind up their preparations for the San Francisco Art Festival to be held on September 28 through October 2 in the S.F. Civic Center Mall.

Mrs. Neathery indicates that this is a major Bay Area exhibit for which the guild hopes to have all of its quality work ready for the AGP group entry.

Members are urged to submit up to three of their best works from which the local screening committee will select a maximum of two paintings per artist.

Cancer Executive Body Meets at Wahl Home

Members of the San Mateo Executive Board of the American Cancer Society and friends met for luncheon at the home of Mrs. Max Whal on August 16.

Mrs. Wahl has been president of the Daly City Auxiliary Unit for the American Cancer Society, but said she would only be able to help the Auxiliary Unit in a limited capacity next year, since she now is service chairman for the San Mateo County American Cancer Society.

The first regular meeting of the new year of the Auxiliary Unit will be called in September and all members will be notified in advance.

However, Mrs. Alyce West stated that new by-laws were being promulgated to allow for greater flexibility and adaptability within each unit. They will be presented at the September meeting at which time new officers will be elected.

at the POST

By LE PACINI

In late April, John Horgan, then of The Post, now of the San Mateo Times, did an interesting feature story of San Mateo's Pat Winslow, recent winner of the National AAU Women's Pentathlon championship.

The story centered around how motherhood and track might mix. Pat had just 10 days before, given birth to Bradley, a baby boy. The statuesque blonde from Capuchino High had already competed in two Olympiads ('60 and '64), and was concerned over whether — in semi-retirement — she would be able to successfully defend her US pentathlon in the summer's Millbrae competition so as to remain eligible for AAU subsidy in subsequent meets and invitationals which could lead her to another Olympics shot.

It was mainly a case of finding enough time out from motherhood to get back into condition and improving her hurdles time, which had proven her ruination in the '64 Olympics pentathlon competition. (In '60, at 16, the youngest member of the team, she had run the 880).

But how problems can change in four months! Pat, representing the Millbrae Lions Track Club, did retain her title, but competition from the rules book turned out tougher that what she encountered on the filed.

We had planned doing a running report on Pat's efforts in Millbrae but, fortunately, got tied up with other things and avoided one of the most confusing sports stories of the year. Only in retrospect have we been able to unravel it!

On the day of the meet, favorite Denise Paschel showed an hour later than the scheduled 10 a.m. starting time, but officials allowed her special consideration because she had been in an auto accident en route. Denise was therefore able to participate in the two events she had missed, and this allowed her to gather enough points to edge Pat, 4,343-4,256.

The Lions Club protested, insisting that the rule book said that anyone not present and accounted for at 10 a.m. had to forfeit. Dr. Harmon Brown, meet director, said that final standings would be unofficial until a ruling by the National AAU's court of appeal.

Meantime, the Laurel Athletic Club, Miss Paschel's sponsor, had entered its own protest, charging that Pat's coach, Ed Parker, had instructed her during competition, another AAU taboo.

Now there were a lot of hard feelings, and unkind things being said about poor sportsmanship in both caps. But there was more to come.

It was discovered that Denise's San Bruno accident had occurred at around 10:45, that Saturday, which would have made her late even if she hadn't had the accident. But there were extenuating circumstances. Denise's father had car trouble at 8:30 that Saturday morning, and she had driven to San Mateo to help, drove her father back to San Francisco, and then started again for Millbrae, when she encountered her accident on the rain-slickened El Camino.

Now, we're not just giving a weather report. That rain was significant. It had rained at 10 a.m., the meet's starting time, until almost noon. Therefore, Pat had performed more of her events in sloppy weather than had Denise.

The AAU committee had no choice but to award the title to Pat. But Pat, whose husband Jim was fuming over what he considered a distorted picture of his wife's sportsmanship, refused to accept the title from a rules committee. She wanted to beat Miss Paschel fair and square in the field of combat, not in a smoky room. And so Pat Winslow finally won without taint, 4,496-4,384. The moral of the story is, woman drivers really do cause a lot of trouble.

A little more than two weeks ago, Pacifica Little League star, Angelo Damato died at age 14, from leukemia.

"We didn't like to dwell on sad things, especially in what is essentially a light-hearted column, nor de we enjoy risk of becoming maudlin over an honest tragedy. But we do think that adults can learn something from Angelo's story.

WE met Angelo, for the first and last time, over a year ago, as an instructor at the first annual Northcoast Baseball School held at Terra Nova High School.

Angelo was as happy and vigorous as any youth there that day, and we were truly shocked when his father, Nick, who had been assisting us as first base instructor, told us that they had just discovered Angelo had leukemia.

Nick, however, put up a brave front, and Angelo, following the example, continued as usual. He played his last Little League season (and had a great year leading his undefeated squad), went hunting, fishing, played his drums and guitar until almost the very end.

There's nothing further to write except for the highest tribute one can pay any young athlete: Angelo Damato had a lot of moxie.

Leaving in a few days for the glamourous life will be Pacifica's Charlotte Turner, who will be joining her troupe of fellow ice skaters in Minnesota for the opening of the International Ice Capades.

Charlotte "on leave" after almost a year of traveling with the show, has discovered the difference — like all pros must — between the business and the sport. She never gets a chance to skate for fun any more, having to discipline herself to the precise choreography of the chorus line.

At last count, some 256,000 people saw Babe Ruth hit his "called shot" in Chicago, so, before the ravages of time set in, we wish to go on record here as having seen Mays 535th last Wednesday.

Terra Nova baseball coach Al Figone had been at the previous night's game when Willie tied Fox's record, but Figone didn't see the historic happening. He was under the stands getting a hot dog.

Last week in New York, Rabbi Harold Kushner called golf a religious game because the idea of it is "not to outdo the next fellow, but to improve yourself, to try to correct your faults."

We wonder if Rabbi Kushner would be able to hold to his theory after spending a couple of hours with the fellas waiting at Harding for a starting time, or going around with a guy blowing one-foot putts all day . . . who's playing for two bits a hole.

BASEBALL THOUGHTS: Hate to say we-told-you-so, but during the winter we said that the man to trade was Jesus Alou, not Cepeda . . . Every time they flash Giant batting averages on the TV screen we get embarrassed . . . Art Shamky's (Cincy) record tying four staright homers were even more amazing because two of them were pinch-hits . . . believe it or not, the White Sox and the Cards have both — easily — stolen more bases than the Dodgers this year.

Rabbi Shore Returns To New Temple

With Rabbi Solomon A. Shore's return home from his summer vacation, Congregation B'nai Israel resumes its religious activities.

Sabbath Services will be conducted every Friday evening at 8:30 p.m. at the new Temple, 1575 Annie Street, Colma—one block from the new Daly City Civic Center.

Every Friday, the Rabbi will discuss Jewish problems as well as scholarly interpretations of the Bible. This is the time of the year when Jewish parents are making plans to join religious institutions for the sake of the specific Jewish education of their children.

Membership is open to those who favor the conservative form of service.

Once members join the congregation officially they are the beneficiaries of all congregational activities performed by the Sisterhood, the Men's club, as well as all religious functions.

The Temple office is open between 10 a.m. and 2 p.m. for those who seek information about tickets for the coming Jewish High Holy Days—general membership and information about Sunday School and Hebrew School which will formally begin in the next few weeks.

High Holy Day seats are available for those who merely wish to worship with our Congregation the Holy Days.

This year the Congregation has engaged a Cantor with a broad musical background.

A formal dance will be held by the congregation at the Fairmont Hotel September 24 at the conclusion of the Day of Atonement. Tickets are now available at the Temple office.

The sisterhood will give a membership dinner and social program on Tuesday evening September 6 at the temple house, 1575 Annie Street.

With the resumption of religious services this month, Congregation B'nai Israel is entering its second year at the present site in its new edifice which was completed a year ago.

Early in 1967, the Congregation will celebrate the tenth Anniversary as a conservative house of worship. Every member of the Congregation is mindful of the historical significance of the time element.

Placing Pupil Housing Plan In Operation

The 1966-67 pupil housing plan prepared by an extensive Citizens Housing Committee representing all areas of the community and adopted by the Laguna Salada School trustees last spring will go into operation on September 12, when the 13 elementary schools open their doors to over 9000 expected students.

There will be no double sessions for first through eighth grade pupils, however, some classes of kindergarteners will be triple-sessioned in the Linda Mar area.

Upper grade students, 7th and 8th grade pupils, will be housed in larger numbers in fewer schools to provide them with a wider range of teacher specialties as part of the district's upper grades program.

Library facilities in those schools housing upper grade students will not be used as classrooms as has been the case in some schools in the past. Those libraries will be devoted exclusively to library use.

The upper grade classes will be housed at Portola, Cabrillo, Fairmont, Sharp Park, San Andreas, Linda Mar and Westview.

Class sizes in primary grades 1, 2 and 3 will be reduced to 32 as mandated by the state legislature.

Special music for the 11 a.m. service will be brought by Mr. Swedberg, baritone soloist.

During the preaching portion of the service, student workers Mr. and Mrs. Del Johnson, conduct a primary church for kindergarten and primary age children.

Family Fellowship Gospel Hour at Westside Baptist will start at 7 p.m. Rev. Fleischer will again be the guest speaker.

Testimonies of the blessings received at Junior Boy's camp will be heard.

Final plans have been made for the Congregation B'nai Israel Men's Club's Yom Kuppur Ball to be held in the Terrace Room of the Fairmont Hotel on September 24.

Dancing will be from 9 to 1 a.m. to the music of Jack Maloney's orchestra.

Donation is $3 per person and proceeds will benefit the Building Fund.

For information call Chairman Albert Marcus, PL 6-9187 or Ed Sennett, 755-3042.

Bethel Group Bids Farewell

Members and friends of Bethel Church of Pacifica gathered together last week following the Bible study, to celebrate the birthday of Pastor Banning.

They surprised him with a beautiful sport coat, shirt and tie.

A touch of nostalgia was in the air because Reveren Banning will be leaving Pacifica soon to go to his new church in Houston Texas.

Five years ago Reverend Banning took charge of Bethel.

Westlake BART Appearance Set

Daly City residents in general and Westlake residents in particular will have the opportunity to inspect the Bay Area Rapid Transit District's display car tomorrow through August 29 in Westlake's main parking area (facing Alemany Blvd.).

Replete with BART hostesses, daily inspection tours will be conducted between noon and 8 p.m.

An official welcome and ribbon-cutting ceremony will take place at the design car tomorrow at 10 a.m.

At that time, Mayor Al Polonsky, City Manager Ed Frank, Councilman Mickey DeBernardi, Westlake Merchants Assoc. President Syd Posner and Miss Daly City (Vivien Reiger) will be on hand to receive Adrian Falk, president of BART, and Phillip O. Ormsbee, BART public information officer.

The BART streamliner's silhouette is 10 feet, 6 inches in height and width. It measures 70 feet in length. Weight is 56,000 pounds.

Speed of the car has been tested at 80 miles per hour with a 45-50 mile-per-hour average, including station stops.

Each car will seat 72 passengers and will be air conditioned. When BART has been completed, the system capacity will allow 30,000 seated passengers per hour in one direction—the equivalent of 10 to 15 freeway lanes.

Explorers See Reactor

Members and guests of San Mateo County Explorer Post 134 of San Bruno visited the P.G. and E. Vallecitos atomic reactor and laboratory near Pleasanton last week.

The post, comprised of high school-aged youths, specializes in vocational interests, one of such posts in the county which exposes boys to various fields of endeavor for which they may wish to prepare themselves for future education.

Host and guide for the all-day trip was H. T. E. Bosbery, personnel assistant for P.G. and E.

Frank J. Prisco Jr., post advisor, pointed out that this is one of the monthly activities of the V.I.P. program which investigates a new vocation each month.

Erickson Is Soldier Of The Month

Private Ronald Erickson, son of Mr. and Mrs. Vernon D. Erickson, 1752 Loubaine Drive, Daly City, was named Soldier of the Month by a board of officers at Fort Gordon, Ga., last week.

Erickson, 22, enlisted in the Army for a three-year period last February and is presently assigned to the 95th Civil Affairs Group at Fort Gordon.

The honor is awarded to individuals who display outstanding military qualities, training, courtesy and appearance.

Along with the "Soldier of the Month" award, Erickson is expected to be promoted this month.

The Times and THE POST

SAN MATEO TIMES AND DAILY NEWS LEADER

• Here's an exciting way to figure out what you think the prices of groceries will be next week—and win cash and groceries while you are doing it. The Times will give the winner $25 in cash. However, if the winner is a regular, home-delivered subscriber, he or she will receive an extra bonus of $25, a total prize of $50 in cash. The winner also will be given $10 worth of groceries of his or her own choosing from each of the merchants listed above.

• Just write what you think will be the lowest advertised prices for the items (printed in the official entry blank) in any advertisement in next Wednesday's issue of The Times and Post. The person who has the most correct answers will be declared the winner. If more than one entry has the same number of correct answers, or if no entry contains any correct answers, then the person who picks the total closest to the actual total price of all items, will be declared the winner.

• Quality, quantity, brand, grade or size of a product must be advertised in terms of the units called for in the contest. For example, if three pounds of an article are advertised that price cannot be considered if the contest calls for the lowest advertised price of one pound. In the event an article is not advertised in the quantity called for in the contest, then only the remaining articles and their total will be considered for the contest. Advertised prices will not be considered if a coupon, minimum purchase or purchase of another article is required to buy that article at that price. This week's entries must be postmarked or received in The Times office not later than Friday midnight, Aug. 26, to be eligible. Entries must be addressed to Your Grocery List Editor, San Mateo Times, San Mateo, California.

NOTE: Employees or members of their immediate families of any food advertisers in next Wednesday's newspaper are not eligible to compete in this contest.

GENERAL RULES:

1. Anyone is eligible to enter the contest except employes of The Times or members of their families or other specifically exempted from a particular contest.
2. A contestant may submit as many entries as desired on the official entry blank printed in the newspaper, but only one, exact-sized hand-drawn facsimile of the official entry blank. No mechanically reproduced (printed, mimeographed, etc.) copies of the entry blank will be accepted, unless issued by The Times.
3. Entries may be attached to a postcard, mailed in an envelope or delivered by hand to the office of The Times.
4. An entry must reach the contest editor before the date specified. No entries received after that time, whether mailed or delivered by hand, will be declared eligible. The Times is not responsible for entries lost or delayed in the mail.
5. If more than one winning answer is received, the prizes will be divided equally among the winners.
6. The decision of the judges is final and all contestants agree to abide by the judge's decision. All entries become the property of The Times.
7. Only one prize per contest will be awarded to a family unit.
8. Entries must be mailed or delivered to the contest editor to be declared eligible. No entries can be returned. The answer to each contest will be printed in The Times within 14 or less days after the contest ends.
9. Regular subscribers who win will get a bonus equal to the amount of the cash prize.
10. Answers to the contests or winners will not be given out over the telephone. Winners will be notied by The Times.

California Consumer Most Catered-To in the World

Consumers of dairy products in California are among the most catered-to consumers in the world, is the firm conviction of Wilson B. Woodburn, Manager of the Dairy Council of California at Sacramento which represents and is supported by all milk producers, processors and distributors in the state.

"Consumer interests are guarded by a host of State, County and local inspectors, laboratories, research facilities, health officials and by stringent rules and regulations controlling the production and distribution of this vital food in all its forms," states Woodburn.

The California State Department of Agriculture and local health authorities are responsible for the enforcement of legislation designed to protect the consumer from everything from off-flavored though edible dairy products to fraudulent advertising.

Constant, and frequently unexpected, inspections of dairy farms, transportation and storage facilities, processing and manufacturing plants keep the entire industry on its toes.

Products at the retail level are tested and checked for uniformity to the State Agriculturpal Code. Any product found not to comply to the letter of this code is rejected and may not be sold to consumers.

Undoubtedly one of the reasons why California cows are tops when it comes to production is because they are pampered in all matters pertaining to their health and happiness . . since only healthy cows can produce quality milk in the quantities attributed to California cows. A balanced diet, high in protein, is an important to them as it is to humans. Even the cows' feed is inspected regularly to be sure no unnecessary or harmful insecticides or pesticides are present.

Woodburn concluded, "Californians can drink and eat milk and dairy products with complete confidence that they are being well protected from start to finish by the State Department of Agriculture and the many facets of the California dairy industry."

Maybe You've Eaten This

If you say you've never had a loin strip steak it's possible you may have eaten one and called it by another name.

There are at least 14 other names for this steak. To some it may be a top loin, sirloin, boneless sirloin or a New York steak.

As you move from the East Coast to the center of the country this same steak is called a Kansas City steak, club, Delmonico, shell or strip steak. Still others refer to this as a boneless top sirloin, boneless hotel, boneless hip, minute sirloin or a key strip steak.

Bartlett Pears In a Coffee Cake

Talk about convenience foods! You don't even have to pare these fresh Bartlett pears, their skins are so thin, tender and pleasant tasting. We suggest that you chill them, however, for out-of-hand eating. We prefer many fruits, including most melons, at cool room temperature; but a juicy, golden-ripe California Bartlett is one fruit that we think is at its best well chilled.

These superb pears can be used to enhance all sorts of dishes from appetizers to desserts, so don't confine them to out-of-hand situations.

Here's a simple recipe we like very much. It's fast-to-fix, so it fits right into the lively tempo of summer living in our cool-to-moderately warm San Francisco climate. It should appeal to all homemakers who want to maintain their reputations as good cooks without spending too much time in the kitchen on summer days.

CALIFORNIA COFFEE CAKE

3 fresh California Bartlett pears
1 teaspoon lemon juice
½ cup sugar
½ cup flour
¼ teaspoon cinnamon
¼ cup butter or margarine
1 package (14 oz.) date or orange muffin mix

Pare, halve and core pears. Slice lengthwise into ⅛-inch slices; sprinkle with lemon juice. Mix sugar, flour and cinnamon; cut in butter to crumbly consistency. Prepare muffin mix as package directs. Turn into greased 9-inch square pan. Top with pear slices; spoon crumbly mixture over pears. Bake at 400 degrees 30 minutes or until topping is golden brown and cake tester comes out clean.

Makes 1 (9-inch) coffee cake.

Pair Pears, Ham

Nice pear accompaniment for broiled ham or chicken: Pare, halve and core fresh California Bartlett pears; fill center of each with orange marmalade, sprinkle with ground cinnamon and ginger then dot with butter. Broil until browned and bubbly.

Scotch Bannocks Family Will Like

Take a cue from the Scots and give family dieters Bannocks for breakfast one morning. If you haven't time to take out the griddle or to mix this very different oat bread at dawn, bake them the night before. The thin, really "oaty" slices will re-crisp beautifully in a toaster or slow oven. To enjoy their unique flavor, it is essential that they be served warm with butter or marmalade or jam.

During September Better Breakfast Month, when the importance of breakfast eating is being re-emphasized, Bannocks are just one of the unusual, toasty breads with which to beguile weight watchers.

With fruit, cereal, and milk, 2 pieces of Bannock will help get any day off to a wise start. A Basic Cereal and Milk Breakfast is the modern light breakfast because it gives you about one-quarter of your daily needs and is low in fat and cholesterol. Bannocks, too, are low-fat and low cholesterol.

BANNOCKS

3 cups, rolled oats, quick or regular
⅓ cup brown sugar, packed
¼ cup currants or seedless raisins, cut in half
1½ teaspoons salt
½ teaspoon soda
1 teaspoon cinnamon
¼ teaspoon allspice
¾ cup boiling water
2 tablespoons cooking oil or vegetable shortening

Mix 2 cups rolled oats, sugar, currants or raisins, salt, soda, and spices. Add water and oil or shortening; mix well. Let stand to allow rolled oats to absorb moisture, about 5 minutes. Sprinkle ½ cup oats over bread board. Knead dough on board lightly 10 to 12 strokes. Sprinkle ¼ cup more oats on board; roll dough out slightly and sprinkle remaining ¼ cup oats over dough. Roll dough ¼ inch thick. Cut into 2x2½-inch pieces or diamonds. Heat griddle over controlled burner or an electric griddle set at 325 degrees, or on a pancake griddle over a heating unit set moderately low. Bake bannocks on griddle for 6 minutes; turn like pancakes and finish cooking, about 4 to 5 minutes. Serve hot with butter and marmalade or jam.

A Marinade For Kabobs

Sirloin steak or sirloin roast or tip steak, cut into one and one-half inch size pieces for kabobs, responds to marinating for interesting flavor.

A good marinade for this purpose uses ½ cup salad oil mixed with 2 tablespoons lemon juice, ¼ cup chopped onion, ½ teaspoon garlic salt, ½ teaspoon salt and ⅛ teaspoon pepper.

Allow the cubes of beef to marinate in this several hours or overnight. After threading on a skewer, grilling time will be from 15 to 20 minutes, depending upon the degree of doneness desired.

Compare Price in Buying Milk as School Orbit Begins

As the children of the family get back into the orbit of school, play and homework, their parents might well do a little homework in the economics of buying milk, the major fuel for keeping young spirits high, minds alert and bodies well fortified for the day's many projects.

To skimp milk in order to cut family food costs is poor economy. For its calcium alone, it is a good buy. It also is a good buy in high quality protein and in numerous minerals other than calcium, and in vitamins.

Nutritionists recommend a quart of milk a day in some form for each and every growing child. Many boys famed for athletic prowess have been known to drink up to 3½ times as much milk as other members of the family.

1. Compare prices versus convenience; home delivery prices versus cash-and-carry. By carrying milk from the store you may save 1 to 3 cents a quart.

2. Check to see if milk companies in your locality offer discounts on large home deliveries. There long have been advantages in buying milk by the half gallon.

3. Consider wise use of less expensive forms of milk. Canned evaporated milk, for instance, has nutritive values similar to fresh whole milk and when reconstituted properly may be used the same way. It is a convenient pantry shelf item.

Other less expensive dairy products are skim milk, buttermilk and packaged nonfat dry milk. These are lower in calories and in vitamin A than whole milk but are high in protein, minerals and riboflavin. They are good choices for people who are weight watching.

Nonfat dry milk is the best bargain for calcium and is easily used in cooking and baking. A good item for pantry-shelf keeping.

New Fruit Recipe For Your Dessert

Would you believe that anything could taste better than sunripened fruit or berries at the peak of their goodness? Before you answer, try one of the new fruit-on-fruit recipes. You may want to exercise the feminine privilege of changing your mind!

Fruit-on-fruit is a new idea of combining fresh fruit with preserves made from the same or different fruit, thus joining two kinds of fruity goodness in one dazzling dessert.

Take this new recipe for Apricot Crunch, for example. It's an easily put-together mixture of melted butter, brown sugar, cookie crumbs, nuts and fresh, uncooked apricot halves mixed with apricot preserves. Serve it with whipped or ice cream and you have a dessert so good it must be tasted to be believed.

Nectarine halves may be substituted for the apricots, if you prefer. Use fewer nectarines if they are larger than apricots. In seasons when fresh fruit is not available, glass-packed apricots may be used in this recipe.

APRICOT CRUNCH

¼ cup butter or margarine
¼ cup (firmly packed) brown sugar
1 cup vanilla or brown edge cookie crumbs
¼ teaspoon nutmeg
¼ cup chopped pecans
24-26 chilled fresh apricot halves or 1 pound, 14 ounce glass-packed apricot halves, chilled
1 jar(12-ounce) apricot preserves
Whipped or ice cream, optional

Melt butter or margarine in skillet over low heat. Add brown sugar and heat, stirring constantly until sugar melts and mixture is bubbly. Add crumbs, nutmeg, and pecans; mix well. Spread out on baking sheet or waxed paper to cool. Combine apricot halves and apricot preserves. Spoon half the crumb mixture into 6 dessert dishes. Top with apricot mixture and sprinkle with remaining crumb mixture. If desired garnish with whipped cream or ice cream. Yield: 6 servings.

Watermelon —Not Rind— In Preserve

Watermelon itself (not the rind) goes into this preserve.

Sliced Ham Salad Bowl
Rosy Melon Preserve Rolls
Cookies Beverages

ROSEY MELON PRESERVE

8 cups cubed (1 inch) watermelon (seeds discarded)
2½ cups sugar
⅛ teaspoon salt
¼ cup cider vinegar
1 slice lemon, ¼-inch thick
Spice bag of ½ cinnamon stick and ½ teaspoon whole cloves

Turn the watermelon into a colander; using palms, gently press out as much of the juice as you can without mashing fruit too hard. Allow to drain for 1 hour. Turn drained melon and remaining ingredients into a large kettle. Bring to a boil; boil gently, stirring occasionally, for 1 hour. Pack melon into sterilized hot wide-mouth canning jars; fill with syrup leaving headspace; seal with caps. Syrup remaining from preserve may be used various ways. Makes 2 to 3 one-half pints.

Use Imagination With Mushrooms

An ordinary meal can be made into an outstanding one by adding a little imagination—in this case, marinated mushrooms and green beans. Mushrooms, in a ready-to-use marinade add zest to all vegetables and are a wonderful source of minerals, so necessary for a good diet. Packed in clear glass jars, marinated mushrooms need no preparation. And, they are delicious. Mushrooms can be served as hors d'oeuvres, or as accompaniments to fish and meat dishes, as well as tossed salads. Imagination and marinated mushrooms make an unbeatable dining combination.

Here is the recipe for Mushrooms and Green Beans prepared with Shady Oak marinated mushrooms.

Marinated Mushrooms and Green Beans
(Makes 8 Servings)

- 2 jars (6 ounces each) Shady Oak Marinated Mushrooms, undrained
- 3 cups cooked French-style green beans
- 2 packages (10 ounces each) frozen French-style green beans, cooked and drained
- 3 tablespoons slivered canned pimiento
- 2 tablespoons chopped sweet onion
- Salt and pepper

Combine mushrooms, green beans, pimiento and onion in bowl; add salt and pepper to taste. Chill several hours, mixing occasionally.

30 Minutes in Oven For Tasty Main Dish

Four ingredients and 30 minutes oven time are all that's needed to give you "Ham and Pears Apricotine"—a main dish hard to beat for flavor and ease of preparation.

You might accompany this entree with mashed acorn squash, served in its shell; a tossed salad of avocado, tomato and bite-size chunks of iceberg lettuce; crunchy bread sticks; and a simple dessert such as almond cookies and ice cream.

The mellow sweetness of fresh Bartlett pears makes them an ideal accompaniment to ham. Serve thinly sliced prosciutto or boiled ham with chilled pears, cut into quarters, as an appetizer; add cottage cheese and lettuce to this combination and you'll have a satisfying luncheon salad; alternate cubes of baked ham with balls of Bartlett pear on picks for party hors d'oeuvres; add thin, lengthwise slices of these juicy pears to ham-on-rye for a new summer sandwich treat.

Our markets are offering the best Bartletts California has produced in many years. Aside from their deliciousness, they are a good source of quick energy and surprisingly low in calories.

Ham and Pears Apricotine

- Cooked center-cut ham slice, 1 to 1½ lbs.
- Whole cloves
- 2 fresh California Bartlett pears
- ¾ cup apricot jam

Stud edge of ham with cloves; place in baking dish. Heat in 375-degree (moderately hot) oven about 20 minutes. Pare, halve and core pears; cut lengthwise into thick slices. Place on ham; spoon jam over pears and ham. Heat 10 minutes longer. Cut into wedges to serve. Makes 4 to 6 servings.

Try New Soother For Parched Palates

A soup served cold as mountain snow, ala Vichysoisse, is this new soother of parched palates. *Frosty Tomato and Dill Soup*, shown here, is pink and pretty . . . easy to prepare, too, when you keep the new non-dairy powdered creamer, Pream, on hand. It accounts for the rich-tasting, creamy goodness of the soup, and keeps the calorie tab down.

For a dress-up touch, serve the soup icy cold in chilled goblets along with the main course.

Frosty Tomato and Dill Soup

- 4 tablespoons butter
- 2 small onions, finely chopped
- 4 medium-sized ripe tomatoes, chopped
- 2 tablespoons tomato paste
- 4 tablespoons flour
- 1 cup new non-dairy Pream
- 4 cups chicken broth
- ½ teaspoon garlic salt
- ⅛ teaspoon pepper
- 1½ tablespoons dried dill

In large heavy-bottomed saucepan, melt butter over low heat until frothy. Add chopped onion and sauté until soft and golden brown; then add chopped tomatoes and tomato paste; cook 5 minutes longer. Combine flour and Pream with a small amount of the chicken broth; add to tomato mixture, blending until smooth. Add remaining chicken broth, garlic salt and pepper. Increase heat to moderately high; cook and stir until soup comes to the boil and thickens. Purée in blender, or put through food mill; strain, add dill, and chill well. Makes 2 quarts, or 8 to 10 servings.

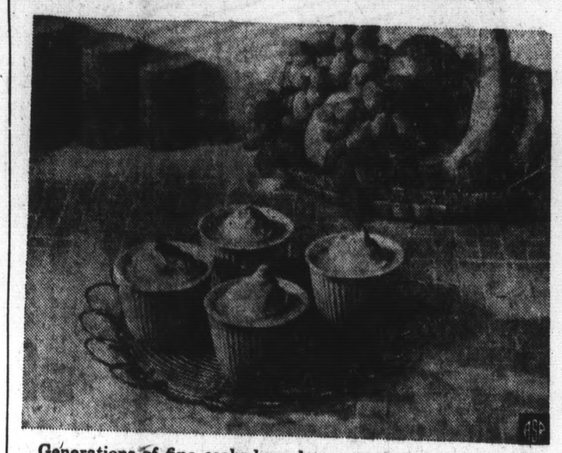
Light-Handed Treat For Dessert-Time



Generations of fine cooks have been proud of their light hand with custard desserts. Now the lengthy oven baking has been taken out of baked custard desserts with Jell-O Golden Egg Custard Mix. Desserts made with the new mix are tender and tasty as the classical version, but made in as little as six minutes on top of the range.

Serve the golden egg custard plain or in an adaptation such as the Meringue-Capped Custard here. Grated orange rind emphasizes the delicate flavor; lightly-browned caps of meringue add eye appeal.

Meringue-Capped Custard

- 1 egg white
- 2 tablespoons sugar
- 1 package (2¾ oz.) egg custard mix
- 1 tablespoon sugar
- 2 cups milk
- 1 egg yolk
- 1 teaspoon grated orange rind

Beat egg white until foamy throughout. Gradually add 2 tablespoons sugar, beating thoroughly after each addition. Continue beating until meringue will form soft rounded peaks. Set aside.

Combine custard mix, 1 tablespoon sugar, the milk, and egg yolk in saucepan. Bring quickly to a boil, stirring constantly. (Mixture will be thin.) Remove from heat. Stir in orange rind. Pour into 5 custard cups or a 1-quart baking dish. Spoon 1 dollop of meringue over each individual custard or spoon 5 dollops of meringue over large custard. Lightly brown meringue in 425° oven for 5 minutes. Cool 2 hours, or until set. Makes about 2¼ cups or 5 servings.

A Seasoning Secret For Barbecuers

Bring the barbecue season indoors with these tender broiled shrimp, marinated before cooking with a short-cut seasoning technique. Secret of the flavorful marinade or barbecue sauce is an envelope of Italian salad dressing mix, which is combined with oil, lemon juice, and wine for a distinctive marinade. Heat the marinade and serve with the succulent shrimp.

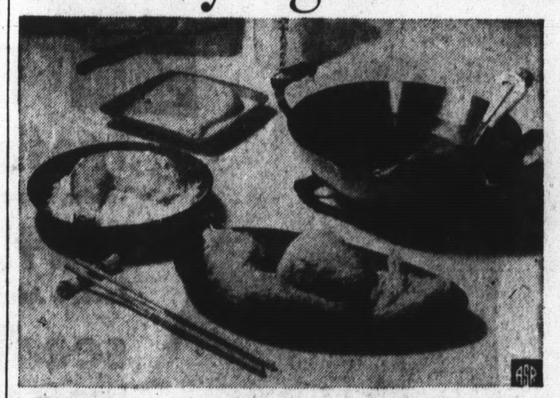
Butterflied Shrimp

- 1 pound (18 to 20) shrimp, cleaned
- 1 envelope Good Seasons Italian Salad Dressing Mix
- 2 tablespoons finely chopped green pepper
- ¼ cup finely chopped onion
- ½ clove garlic, minced
- ⅔ cup salad oil
- 2 tablespoons lemon juice
- ⅔ cup dry white wine

"Butterfly" shrimp by slitting along vein, almost through; open along slit. (Or leave shrimp whole, if desired.) Combine all ingredients except shrimp in shallow bowl. Stir in shrimp, covering completely with marinade. Cover, place in refrigerator, and allow shrimp to marinate for at least 2 hours.

Place shrimp on broiler pan. Broil 4 inches from heat about 2 minutes. Turn shrimp; then continue broiling about 2 minutes longer, or until shrimp are cooked but still tender. Serve plain or with the heated marinade or a cocktail sauce or dip. Makes 4 servings.

Here's a New Way For Frying Chicken



Chicken is one of the best buys in meat. Certainly there is no more popular dish than fried chicken. Why not give it a different twist and try frying it the Oriental way? It is ever so light and delicate. Use corn starch for coating the chicken pieces, after a quick dip in a mixture of egg and water. Fry in corn oil for the most delicate browning and flavor.

Oriental Fried Chicken

- 2 eggs
- 1 tablespoon water
- 1 cup corn starch
- 1 teaspoon salt
- 1 broiler-fryer chicken, cut up
- Corn oil for frying

Beat eggs well; mix in water. Combine corn starch and salt. Dip chicken pieces into egg mixture, then into corn starch and salt, then into egg mixture, coating chicken well with each. Pour corn oil into skillet to depth of 1 inch. Heat over medium heat to 375 degrees F., or until 1 inch cube of bread turns brown in 40 seconds. Carefully put chicken into hot oil. Fry, turning once, until light golden brown and tender, about 15 minutes. Makes 2 to 4 servings.

The Sinaloa Story Tribute to Luz Garcia

ONCE UPON A TIME: There was a flashing-eyed girl born in the city of Guadalajara, state of Jalisco, Mexico, who spent her first years, more or less uneventfully, with her parents. At the age of 12 she and her mother came to this country. It is not recorded that in those early years she expressed any burning desire to own some day the best known and most authentic Mexican cantina in all these Estados Unidos, but that is just the way it happened to work out. She was a woman while still a child—married at 12 years. Hard work followed—factories, laundries—until at the age of 16 she came to work as a waitress in a small five-table Mexican restaurant in the same location as the present **Sinaloa.** Within two years (at the age of 18) she bought the restaurant, and from that time on has operated it continuously—by far the oldest established night club in San Francisco. Her name? **Luz Garcia,** your gracious hostess of this and every evening.

Luz Garcia

CONNIE FRANCIS, the reigning queen of popular music, headlines the **Cal Neva Lodge** Celebrity Room, opened yesterday, August 23. Singer, actress, author, Connie brings her great talents to the popular spa among the high Sierra following a dynamic international tour singing songs that have exceeded 35,000,000 record sales . . . **Al Hirt,** considered by many as one of America's greatest trumpet showmen, makes his debut into **John Ascuaga's Nugget** in Sparks, next Thursday. Lovely songstress **Janice Harper, The Frivolous Five, Dorothy Dorben Singers and Dancers,** and the most-talked-about elephant act in show business, **Bertha and Tina,** complete the bill. . . . "Hello Dolly" star, **Betty Grable,** performed in the best "show must go on" fashion at the Las Vegas **Riviera Hotel,** last Wednesday. She fought off a case of laryngitis before the opening performance, then went out and wowed an SRO audience for both shows.

Connie Francis

LARRY BERTOLUCCI of the restaurant that bears his name in South San Francisco, is back from vacation—tan and rested. Now his sister, Lola, is taking her annual time off. This means double-duty, 16-hour shifts for Larry. But this smooth-working family team (including **Mamma** in the kitchen) keeps things perking for the hungry luncheon and dinner crowd seven days per week . . . Comb the Seven Seas or Mainland, and you won't find a more beautiful and more picturesque restaurant than **Bellucci's Supper Club** at **Adobe Creek Lodge** at Los Altos Hills Country Club. The menu here features masterpieces of international haute cuisines . . . **Bill Muir and his orchestra** opened in the Tudor Room of the **Sheraton-Palace,** last Friday. Muir will play for dancing Friday and Saturday evenings from 9 p.m. until 1 a.m. . . . Many friends are greeting **Leslie Hart,** formerly at the Mark Hopkins Lochinvar Room, in his new post as Catering Manager at the **Hotel Canterbury.**

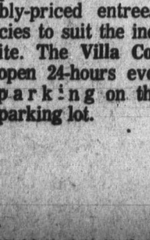
HOLIDAY INN in South San Francisco, with four spacious banquet rooms plus two conference rooms, is well qualified to accommodate any type of banquet or business meeting in elegant comfort. And, the best is yet to come. Early in October, **Fred and Jerry Rapp** will unveil a new Executive Meeting Room, with rich masculiine decor and handsome wood panelling. Diners here will have a view of the Inn's beautifully landscaped courtyard through huge picture windows . . . **Notis Tssichopoulos,** leader of the bouzouki orchestra at the **Balkan Village,** Los Altos, is ranked as one of the top accordionists in his native Greece. He toured the U.S. with the Yacoubian orchestra and was featured in their records. Notis does the musical arranging for the **Balkan Trio,** who enetrtain nightly for modern and folk dancing in the picturesque supperclub . . . Between the two great shows and the dancing at **Gomans' Gay 90's,** there are no dull moments—**Ray Grant** entertains with a terrific puppet act.

Fred Rapp

LUNCHEON AT L'AUBERGE, the chic French restaurant in Atherton, is becoming the smart thing among Peninsula executives and ladies on shopping excursions. The pleasant couryard-like atmosphere and treats like curried Scampi Colonial make luncheons a delightful interlude, as well as a preview of the grand dinner experience. Cuisine is by **George Bollagan,** Swiss-born chef, and co-owner with **Loius,** the dashing maitre d'. . . . **Andre Gubbels** is responsible for all of the "inflammatory activities" going on at **Plateau 7** in San Jose. But don't call the FBI I'm talking about the Crepes Suzette and other flaming dishes Andre prepares at this sky-high restaurant. Andre's specialty is Strawberries Flambe a la Mona Lisa. It's fresh strawberries, Grand Marnier, Cointreau and Cognac, topped with Andre's own special sauce and served flaming. A dessert as spectacular as it is delicious. . . .



George Bollag

STEVE ALLEN and his lovely wife, screen actress **Jayne Meadows,** move into the final frame of their four-week engagement in the High Sierra Theater at **Hotel Sahara-Tahoe,** the rapid-paced variety show features the tap dancing **Dunhills,** young vocalist **Tony Daryll** and vibist **Terry Gibbs.** The **Sonia Shaw Dancers** and **Bill Hitchcock** orchestra are also featured in the new opening production number, "Ballet Cinderella." **Nancy Wilson** follows Sept. 30 . . . Audience-captivating Billy Daniels, who is currently drawing big at North Lake Tahoe's **Crystal Bay Club,** gives much credit for his success to the ten fingers of his close friend and long-time accompanist, Benny Payne. Their association is close to 20 years, since the early days in Harlem. Daniels has starred in every phase of show business going. Also, being featured on the same bill at the Crystal Bay Club are the talented **Val-Aires.**

Steve Allen

Any one of the five banquet rooms at the **Villa Hotel** in San Mateo have become the place for organizations, individuals to hold sales meetings, wedding receptions, etc. The well-planned menu features reasonably-priced entrees and delicacies to suit the individual appetite. The **Villa Coffee House** is open 24-hours every day. Free parking on the hotel's own parking lot.

Sight of the week: **Betty Wilson,** attractive San Mateo redhead who headquarters at the Third Avenue **Collins Pharmacy,** was having car trouble on "B" Street, the other afternoon, and in less time than it took to turn her head twice, six "mechanics," who just happened to be strolling by, went to her aid. Yep, I was among them — and I don't know a hub cap from a seat belt.

"King Kong Returns" Bobby D'Castro's Finocchio's Feature

One of the most unique acts in American show business is **Bobby D'Castro's** gorilla strip-tease at **Finocchio's** nightspot in San Francisco's North Beach sector. Looking for all the world like a modern-day King Kong, Bobby opens with a jungle version of the frug, then switches to an undulating strip-type dance as he divests himself of the gorilla skin, winding up in a muscle-flexing finale to the gasps of the fans. His bizarre performance has won applause in top niteries throughout South and Central America, Canada and the United States.

Paul Masson Winery Inspiration For Caravan Inn "Click"

Frank Dennison of the **Caravan Inn,** Mountain View, got his inspiration for the hotel's "Jug of Wine" restaurant from the old Paul Masson Winery. The romantic bistro is decorated with wine barrels, demijohns, brandy casks and clusters of grapes. Eat all you wish of appetizers from the Festive Circle buffet, then enjoy a candlelight-and-wine dinner of Crepes Madras and Polynesian Pepper Steak. Pastries are home-made.

"Batman" Fans Here's Your Chance

"Batman," the first full-length movie about the Dynamic Duo, is now at many Bay Area theaters, and **Wayne Manor,** the Sunnyvale night club, is attracting many visitors who want to see first-hand what the Bat Cave looks like. The club, which is an exact duplicate of the lair of Batman and Robin, was featured in a large full-color picture in Life Magazine. Dancing to the **Prime Ministers,** a "soul group" from New Orleans, is a nightly feature, along with Catgirls who dance in cages.

Do you like your martinis c-c-cold? **Prime Rib Inn** in Palo Alto has a gadget that coats a martini glas with a heavy layer of frost with just one POOF of it's compressed gasses. There are dangers, though. Just a few seconds on this machine will drop the temperature of the glass to 60 below zero. That's cold enough to shatter most glasses—or give you frostbite.

Bright Lights' J and G restaurant pals, **Guido Bianchina** and **Joe Selmi,** report "sud" sales reached an all-time high, Sunday. Their radio **Giants'** rooting section bought drinks for the house as the Giants went on to win a double header. A non-Giants fan in this cozy spot is as rare as snow skis in Summer.

Harry Francis and his Mrs. to-be, **Mary Lou Alvin,** co-owner of **Scotty Campbell's** in Redwood City, night offing and enjoying a chat with **Villa Chartier** General Manager **Norris Palmer** while devouring delicious Maine Lobster, which has become a menu favorite at this famed San Mateo restaurant.

THE GENT IN THE CENTER is not Lawrence Welk, but genial Joe Cohen, President and General Manager of the Bay Meadows California Jockey Club, who hosted the charming Lennon Sisters, (left to right) Janet, Kathy, Peggy, (holding her 16-month-old daughter, Julie Cathcart), and Diane to a luncheon during their last-week appearance at the San Mateo County Fair.

Fuji Sukiyaki For Special Japanese Dishes

Jot down this name right now! **Fuji Sukiyaki.** This restaurant just happens to serve Japanese food like you've never tasted before. Drop in this weekend because Owners Bob and Dorothy Masuda will be taking a well-earned vacation from August 22 through September 7. They will be back in "chop stick" action Thursday, September 8.

Plumed Horse Has Historic Background

Dessert tip of any week: The Chocolate Rum Pie at the **Plumed Horse,** Saratoga. Rating equal billing in this department is the Black Forest Cake. Luncheon served from 11:45 a.m. to 2 p.m., Wednesday through Saturday; dinner, 5 p.m. to 10 p.m. Atmosphere goes back to the Lillian Russell days, with collectors' items on display to prove it.

Souffle Grand Marnier A Cote D'Azur Favorite

Weight watchers had better pass up this item: **Cote D'Azur,** long noted for it's superb Continental fare, also has an excellent selection of toothsome desserts. Here, you will find treats like Cherries Jubilee, Zabaione Monte Carlo, Baked Alaska, and our favorite, the delicious Souffle Grand Marnier.

A "cutie" from **Jeanne** at the **Gourmet Table:** "This weekend when I was hostessing, a customer asked if I knew why the parrot wanted an umbrella? Answer: He wanted to be poly-unsaturated!"

Your **Bright Lighter** is now a full fledged member of **Tony and Rose Montooth's** "Mug Club," 1318 Burlingame Avenue. For complete details as to membership, suggest you stop in and be "coffee printed."

Rather See a Top Spin Than a Topless Spin

You've heard about spinning tops as a child. Now hear about a Topless Spin. **Senorita Carmen,** the Latin Topless at the **Cameo Club,** Palo Alto, had an auto mishap Sunday night and came within inches of death. Driving to work, her auto had a blowout on Bayshore, spun around three times, but miraculously was missed by a dozen cars. Collapsing from the ordeal, Senorita Carmen was taken to a hospital, checked over and released. Cameo manager **Cas Boxley** says he'd rather see a top spin than a Topless Spin.

Phil Lehr set an all-time high record last week at his downtown Steakery and elegant Wellington Room. Biz is really booming!

From Soup to Dessert Try the La Touraine

Soup fanciers are in for the taste treat of the year when trying Green Turtle Soup au Sherry, as served at the **La Touraine,** "Frenchy" restaurant in Burlingame. Extra-added table attraction: Dover Sole Meuniere. Might just as well complete the scene with one of my favorite dehserts — Omelette Norvegienne (for two).

Chef Primo Pichetti's flavorful chicken cacciatore at **New Tivoli** is guaranteed to perk up even the most jaded appetites. It's tender young chicken sauteed and then cooked in a savory white wine sauce.

HYATT HOUSE BULLETIN
What's new at the Hyatt House? You know we're always improving.
This time it's the Tourney Room Cocktail Lounge. No we didn't ruin that intimate, sexy atmosphere. As a matter of fact, we've just added more of it. Gave Rosemarie, Bob and Vickie more of an audience to play to. Gave Carol, Suzy and Norma more customers to serve, and we did it with you in mind.
We're sorry we kept you standing for so long, now maybe you can find a place to sit and enjoy those mansized drinks that have made the Tourney Room a favorite meeting spot on the Peninsula.

Westlake Bowl

MONDAY BLUE CHIP Bowling is growing in popularity and the prizes are getting bigger and better. Leading winners this past week were Dona Siacotos 990 stamps; Gertrude Hansen 930; Louise Bird 750; Pauline Tanner 730 and Idele Newell 660.

In the Tuesday Night Blue Chip League, Ed Firoina was high for the men with a 202 game and a 564 series while for the ladies Marge Schlink set the pace with a 166 game and 469 total.

Congratulations to our Westlake Junior Bowlers. With the results coming in from the Junior State Tournament at Anaheim, Auntie Marge's Bus Riders showed well for Westlake. Our Westlake Strikettes team were listed as being in second place in the Junior Girls Division with a score of 2950.

This is actually a Bantam Team and we have advised Anaheim accordingly. This could possibly be a first place for our girls. Team members were: Sylvia Burn, Mary Jo Harten, Valerie Maresco, Darlene McCormick and Captain Kim Clifford.

Ken Conragen bowled high in the 807 Scratch with 210 and 589 while the high posted for anyone so far this week was rolled in the Country Club League. Dave Pansini had games of 191, 219 and 225 totaling a tremendous 635 effort.

ANOTHER FINE SHOWING was made in the Twilight Mixed Fives as Rich Clatt bowled 219 and a 618 series and Pat Callas paced the ladies with 178 for 480.

Congratulations to the Hi-Lows team of the Tuesday trio. On the last day of bowling the ladies tied for first place and then won the rolloff. Team members were Lara Paula, Vi Campbell and Captain Marie Pascucci.

Buff Clifford led the men in the Sunday Westlake Wedlocks with a 222 game and a 573 series while Ruth Kern was high for the ladies with 198 for a 542.
